--------	------------	--

Summary: On March 31, 2004, Erik Jacobson, Chief, Regulatory Relations, Pacific Gas and Electric

Company (PG&E), met with Julie Fitch, advisor to Pres. Peevey, in San Francisco. Jacobson described PG&E's opposition to reallocation of the Sunrise contract from San Diego Gas & Electric Company (SDG&E) to PG&E. Jacobson stated that the proper forum for addressing the allocation of the Department of Water Resources (DWR) contract costs is DWR revenue requirement proceeding. Jacobson also stated that it was inappropriate to change the allocation of DWR contracts for operational purposes.

R02-01-011

Order Instituting Rulemaking regarding the implementation of the suspension of direct access pursuant to Assembly Bill 1X and Decision 01-09-060.

Summary: On April 1, 2004, Garith Krause of the Merced Irrigation District (MID) met with Karl Bemederfer, advisor to Cmmr. Kennedy, in San Francisco. Also present were Ken Robbins and Dan L. Carroll, outside counsel to MID. Written materials (attached to the notice) were used. MID representatives indicated that MID's electric utility business is entirely disconnected from PG&E, and that MID has constructed and financed its business in reliance upon California law. MID representatives discussed its concerns with cost responsibility surcharges applicable to municipal departing load. Among other things, MID representatives pointed out that during the energy crisis, irrigation districts also were required to address high energy costs and that MID's customers are paying those costs. MID argued that to require its customers to pay for PG&E's energy crisis cost is a double burden and unfair and, in addition, during the energy crisis, while others may have profited on generation units, MID received the same flat rate it always had. MID noted that this assisted the State with lower cost power during the energy crisis. MID representatives stated that it believes the Commission should return to its original decision from July 2003 with respect to the fashion in which new municipal departing level will be treated. MID indicated that, ideally, cost responsibility charges should stay with the meter; therefore, the cost responsibility charges in PG&E's service territory would stay with PG&E's meters.

Summary: On April 1, 2004, Garith Krause of the Merced Irrigation District (MID) met with David Gamson, advisor to Cmmr. Brown, in San Francisco. Also present were Ken Robbins and Dan L. Carroll, outside counsel to MID. Written materials (attached to the notice) were used. MID representatives discussed its concerns with cost responsibility surcharges applicable to municipal departing load. Among other things, MID representatives also discussed pending legislation, SB 772, and pointed out that under SB 772, the Commission will be required to determine exit fee issues. MID also pointed out that during the energy crisis, irrigation districts also were required to address high energy costs and that MID's customers are paying those costs. MID argued that to require its customers to pay for PG&E's energy crisis cost is a double burden and unfair. MID representatives noted that during the energy crisis, while others may have profited on generation units, MID received the same flat rate it always had. MID noted that this assisted the State with lower cost power during the energy crisis. MID representatives emphasized that MID began in the electric supply business relying upon its California statutory right to sell electricity. MID stated that it believes the Commission should return to its original decision from July 2003 with respect to the fashion in which new municipal departing level will be treated. MID indicated that, ideally, cost responsibility charges should stay with the meter; therefore, the cost responsibility charges in PG&E's service territory would stay with PG&E's meters.

4/6/04 I02-11-040 Order Instituting Investigation into the Gas Market Activities of
Southern California Gas Company, San Diego Gas & Electric
Company, Southwest Gas Company, Pacific Gas and Electric

Border from March 2000 through May 2001.

Summary: On April 1, 2004, Marzia Zafar, CPUC Relations Manager for Southern California Gas Company (SoCalGas) and San Diego Gas & Electric Company, met with Roosevelt Grant, advisor to Cmmr. Peevey, in San Francisco. Also present was Belinda Gatti, advisor to Cmmr. Brown. Zafar stated that Southern California Edison Company's (SCE) allegations are baseless and provide no new evidence – that they are rehash of their previous allegations in other proceedings. Zafar indicated that SoCalGas Gas Acquisition entered the winter season November 2000 – March 2001 with 85% of its physical inventory filled while the rest of the US averaged 83% filled. Zafar stated that SoCalGas Acquisition provided its core customers with cost savings while not compromising its service reliability.

Summary: On April 5, 2004, James Weil, Director of Aglet Consumer Alliance (Aglet), met with David Gamson, advisor to Cmmr. Brown, in San Francisco. Also present were Marcel Hawiger and Robert Finkelstein of The Utility Reform Network. Weil stated that the proposed decision (PD) of ALJ Wetzell is very favorable to Southern California Edison Company (SCE). Weil stated that the PD would allow SCE to escalate expenses using escalation factors that could be more than double recent increases in the Consumer Price Index, and would allow SCE to include budgeted capital costs in the two years following the test year. Weil urged the Commission to consider such generous post-test year ratemaking in its deliberations on the test year revenue requirement issues. Weil stated that if the Commission decided to increase SCE's test year revenue requirement above levels in the PD, then Aglet believes that ratepayers would prefer increases in depreciation expense over increases in operating expenses or capital costs.

4/7/04	A03-10-044	Pacific Gas and Electric Company, for authorization to sell its Kern facility pursuant to Public Utilities Code Section 851 and Executive Order D-44-01.
--------	------------	--

Summary: On April 5, 2004, Jim Rexroad of North American Power Group, Ltd. (NAPG) met with Julie Fitch, advisor to Cmmr. Peevey, in San Francisco. Also present were Roosevelt Grant, advisor to Cmmr. Peevey, and Terry German of Livingston & Mattesich Law Corporation. Written materials (attached to the notice) were used. Rexroad and German stated that NAPG disagrees with the interpretation and application of Public Utilities Code Section 377 as set forth in the proposed decision on grounds that Kern Steam Plant is not an 'electrical generating facility' within the meaning of Section 377. Rexroad and German stated that the transfer of the facility should not be stayed and the determination under Section 851 should proceed without delay. NAPG indicated that, if the draft decision becomes final, without revision, the development of the site will be significantly delayed.
